has told us of the possibility of no more LOANS for persons wanting to buy a manufactured home !!!!!!!! I am astonished.!

Why would anyone be so thoughtless and cruel as to forbid the loan of money for one to buy an AFFORDABLE HOME.

We live in a manufactured home and we love it. We tenderly care for it because it is ours, totally paid for and at one time we needed a loan. We could never have afforded a big home and renting was "nowhere"this manuf. home is perfect for us as we are senior citizens...our kids are gone....and we are very satisfied and proud of the way we live.

So please do not pass with this terrible "bill", it would be the downfall for the very young people and for the retired and for the

disabled who NEED to have AFFORDABLE HOUSING. Please continue to give loans for manufactured homes.....it

would be a terrible thing to lose. IT would be ENTIRELY WRONG..

Sincerely,

Gloria and Adrian P. Corcoran
