Subject: mobile homes - pls help us!

Be sure to put the following Regulation information number in the subject line: RIN 2590AA27

The AMHO Board encourages you to email the attached letter ASAP because, the government is considering some additional regulations for Fannie Mae and Freddie Mac (Enterprises) as they relate to manufactured homes. As currently drafted these regulations would not provide financing for manufactured homes on leased land – which is where the majority of AMHO members reside. The letter asks the government to come up with a financing mechanism for all manufactured homeowners. The letter also request funding for HOAs seeking to preserve their communities as co-ops.
