Subject: Comments regarding RIN 2590-AA42

I'm writing because my family and I were affected by the economic collapse of 2008, and we don't want it to happen again.

I want to believe that your office would act in the interest of the majority of the American public—the people who work (or seek work!) and pay taxes. I hear a lot about accountability, but see little action when it comes to demanding accountability of the leaders, wheelers, and dealers on Wall Street.

Thank you for considering my comment,
