Subject: RIN 2590-AA53 - Restore PACE programs now

Mar 15, 2012

General Alfred Pollard

Dear General Pollard,

I am a home owner who would take advantage of the PACE program if it were available today. But without it I cannot afford to save energy and reduce my dependence on bad fuels... Please reinstate the PACE program immediately.

I urge the Federal Housing Finance Agency to restore Property Assessed Clean Energy (PACE) programs that help property owners like me make energy efficiency and renewable energy upgrades to our homes, businesses and factories.

Sincerely,

Ms. Lenore LeMans
