Subject: RIN 2590-AA53 - Restore PACE programs now

Aug 20, 2012

Mr. Alfred Pollard
1700 G Street, NW, 4th floor
Washington, DC 20552

Dear Mr. Pollard,

[Please withhold my email and home addresses from the public record.]

Enabling PACE will ensure homeowners benefit from its renewable energy and efficiency design elements that empower the renewal of our nation. Saving energy is a wonderful improvement to homes that pollute more than they should. Creating, empowering and saving are all elements for the rebuild of our economy as well. We need your support. With this opportunity to reduce costs that ruin our nation, PACE programs could be the improvement that adjusts the climate dial more toward stability.

Sincerely,

Miss Michelle Cormier
